

## ABOUT THE APPOINTMENT OF NEW ACADEMICIANS.

The procedure of IASCYS Academicians appointments is **still** the following and with no other way:

- Nominations sheets can be sent to the IASCYS EC by e-mail, *either by a renown international organization or by a team of 3 Academicians or proposed by the IASCYS EC itself, spontaneous applications are also allowed.*

- Each nomination sheet must always provide a detailed CV and the scoring table of the applicant.

- A short 1 page CV and a photo are welcome *if, after appointment, the new Academician does want her/his CV to be published on the IASCYS website and her/his picture to be shown into the yearbook of the Academy.*

- The IASCYS Secretary General checks the data that are sent to all IASCYS EC

- The table of scoring, which is a quantitative measure of the detailed CV, provides a framework, to let, after discussion, the IASCYS EC to judge if a candidate has got an enough high academic reputation to be appointed.

- Factually the score is only one of other appointment standards. So after the EC agreement, *the final qualitative decision is given by an independent reviewing team of 3 other Academicians from 3 different continents.*

- The Academician appointment certificate mentions both the EC members (5 Academicians) and the reviewing team (3 Academicians), with their Countries and eventually the nominating Society.
